AND WHEREAS, MPCB has issued '*Guidelines for Air Pollution Mitigation*' vide letter dated 27/10/2023 to the implementing Authorities for necessary action. AND WHEREAS, the said guidelines elaborate major actions to be taken to address major air pollution source groups viz., Construction & Demolition (C&D), Vehicles, Resuspension of Road Dust, Crematorium, Bakeries, etc.

NOW THEREFORE, in view of the above, you are hereby directed to ensure compliance of following directions :-

- (1) All the project proponents in the corporation area shall ensure that at least 25 feet high tin / metal sheets shall be erected around the periphery of construction projects having

height more than 50 mtrs and outside the corporation area at least 20 feet high tin / metal sheets.

- (2) In Mega Cities, all construction layouts having area more than 1 (one) acre shall have tin / metal sheet erected of height 25 feet at least around periphery of the construction project sites and for construction sites, less than 1 (one) acre, the tin / metal sheet height shall be at least 25 feet.
- (3) All the buildings under construction shall be compulsorily enclosed by wet green cloth / wet jute sheet / tarpaulin from all sides.
- (4) All the structures under demolition shall be covered with tarpaulin / wet green cloth / wet jute sheet from top to bottom. There shall be continuous sprinkling/spraying of water during the process of demolishing the structure.
- (5) It shall be ensured that water fogging shall be carried out during loading and unloading of materials at the construction sites (use of stationary/ mobile anti-smog guns).
- (6) The water sprinkling shall be done on debris / earth material etc. which are prone to generate airborne particulate matters at all construction sites without fail.
- (7) All vehicles carrying construction materials shall be fully covered (i.e. from top and all sides) so that construction material or debris does not become airborne during transportation and the vehicle shall not be overloaded to avoid any spillage from the vehicle.
- (8) All construction sites shall deploy sensor - based air pollution monitors at work sites and act immediately on observing pollution levels exceeding the limit. This monitoring shall be made available for inspection to Municipal authorities as and when demanded.
- (9) All the work sites shall ensure that the grinding, cutting, drilling, sawing and trimming work is carried out in enclosed area and water sprinkler / water fogging is continuously done while working to avoid escape of fugitive air.
- (10) All the construction sites shall ensure that Construction and Demolition (C & D) waste generated within the premises / site of work is transported to designated unloading site strictly as per C & D Waste Management Plan. After unloading the debris, the vehicle shall be washed and cleaned thoroughly.
- (11) All the construction personnel managers shall mandatorily wear personal protective equipment such as masks, goggles, helmets, etc.
- (12) All the worksites like bridges and flyovers shall have barricading of minimum 20 feet.

- (13) All the metro works above ground shall be covered with barricading of 20 feet height. The construction site shall be covered with tarpaulin / wet green cloth / wet jute sheet. The smog guns / water sprinklers shall be used during the construction work.
- (14) District Collectors / Commissioners shall deploy special squads to prevent illegal C & D dumping at late night.
- (15) District Collectors / Commissioners shall deploy special squads for air pollution mitigation enforcement. The squad shall be headed by one senior officer from the Ward / Taluka.
- (16) The enforcement squad shall visit the premises and video graph the worksite. If it is observed that the worksite is not adhering to the above stated provisions, stringent action such as issue of Stop Work notice and / or sealing of worksite shall be taken immediately.
- (17) The timeline for procurement of sprinklers shall be 15 days and for procurement of smog guns shall be 30 days from issuance of this circular. All the project proponent / contractors shall abide by the above timelines without fail.
- (18) The vehicles carrying construction material or C & D material, possess vehicle tracking system installed on them, if found not adhering to above stated provisions, shall be seized and impounded by the RTO / Police Department.
- (19) The Transport Department shall take action against overloading of vehicles, uncovered vehicles, vehicles spilling construction materials on roads. Vehicle Scrappage policy shall be encouraged for End-of-Life Vehicles.
- (20) All vehicles carrying materials shall have valid PUC certificates and the same shall be produced as and when asked for by competent authorities.
- (21) The loose soil, sand, construction materials and debris of any kind and quantity shall be stored in demarcated / dedicated area and properly barricaded, fully covered / enclosed/protected with tarpaulins. It shall be ensured that there is no dumping of construction material and debris on public roads, footpaths, pavements and open area.
- (22) Vehicle tyre washing facility shall be provided at all exit points of construction sites. It shall be ensured that daily cleaning is carried out of major roads for removal of dust by using vacuum sweeping or water sprinkling, brushing, brooming and sweeping. This work may be outsourced to ensure wide and fast coverage of all major roads in one month's time.

- (23) There shall be complete ban on open burning anywhere especially garbage dumping grounds and possible sites of trash burning.
- (24) All roads under corporation / municipal council area shall be provided with paved foot paths.
- (25) Issue directions for the conversion of fuel in bakeries from non-renewable and polluting sources to cleaner alternatives, such as electric ovens, use of PNG or other eco-friendly technologies.
- (26) Take proactive steps in transitioning crematoria facilities to electric or other environmentally friendly cremation methods.
- (27) The Continuous Air Quality Monitoring stations installed by the MPC Board shall be regularly checked / monitored by the municipal authority.
- (28) Non-attainment cities (NCAP & XV FC) shall increase the air quality monitoring stations by utilizing their own resources.
- (29) Regular awareness campaigns shall be conducted.

You shall comply with the aforesaid directions and submit the Action Taken Report within a period of 15 days from the date of receipt of these directions, which please note.
